about us

BalanceBox® is the most intuitive and durable manually adjustable mounting solution for interactive touch panels on the market today. The success of the product is due to the safe, easy to use, and comfortable way the touch panel can be positioned at any position in the vertical travel of 15 ¾".

BalanceBox® now introduces the x-line. A complete new line of mobile stands and accessories specifically designed for the corporate market, like conference rooms, offices and architectural projects. Truly unique because you can create your own style. This mobile stand can be customized with a range of standard upholsteries in different colors. You can even design your own product, by creating a fabric in your corporate style or with selected photos and text. Transform your environment in any style you like.

x·line

The BalanceBox® x·line is introduced with the stylish mobile stand including the BalanceBox® 400. The curved modern lines of the aluminum foot and upright structure can be customized with standard color fabrics from two different ranges. The products can be further customized with the customers' interior fabrics or a special printed fabric.

touch panels

Use the x-line mobile stand for touch panels or passive displays from 55 to 70" diagonal. Combine the panel with a teleconferencing unit to get the best out of your interactive meeting.

Use the installation in the most flexible way by moving the panel to its highest position for a group presentation, or bring the panel to the lowest position for a teleconference.

Make the most of your investment and work in style with the new BalanceBox® x-line products.

custom colors

BalanceBox® x-line adds the custom furniture factor to the mobile stand. Choose our **basic** upholstery **line** with 12 standard colors, or upgrade to our **exclusive line**, a more superior line of fabrics. All standard fabrics are made of the Trevira® CS yarns. These are the highest quality upholstery materials: durable, UV resistant, abrasion resistant and with the highest fire retardant qualifications.

custom line

Further custom upholstery can be made at your special request with the materials of your choice, or (partially) printed with your company logo or message.

Contact our sales team for the possibilities and pricing. Or visit our website at www.balancebox.eu
